and/or

# **SNAP!**

To prepare: Print and laminate the character cards. Cut them apart. Put the characters cards in a cup. Print and laminate the letter cards and put them in a **different cup**. Option: Copy the black and white letter cards on color paper. I use an empty frosting container.

To play:

- Each students draws 5 cards (characters) and places them in front of them.
- Students take turns pulling the leaf cards out of the cup.
- They look to see if they have a card that with the same sound. If they do they say “SNAP!” The first one to say “SNAP!” gets to turn their card over (if they both have the same sound).
- The letter card goes back in the cup.
- The first student to turn all their cards over is the winner.
